

TOGETHER LIVING STRONG AND HEALTHY IN WAALRE EACH INDIVIDUAL COUNTS

Cooperate regionally, decide locally

We like to keep Waalre financially healthy and independent. That's the common goal and challenge of our fellow residents, our social partners and our partners in the Brainport region. We cooperate based on mutual trust, solidarity and human standards.

Wherever needed, we will help and support

We believe in an inclusive society where everybody can participate. We work together, share responsibility and support those who need it. Together we take care that there are meeting places, places to help each other and to exercise.

It is great to live in Waalre, that's the way it should be

To grow in line with the Brainport region is OK, but we should keep our unique, green character. Waalre is committed to healthy air, comfortable and energy-saving houses, noiseless traffic, excellent cycle tracks, footpaths, rider trails and excellent public transport.

A healthy, sustainable life and a sound business mind

We create an honest, sustainable economy with room for local entrepreneurship; for innovative, sustainable companies and service providers. But definitely as well for our farmers. Without local farmers no safe, tasty and healthy local food.
